Law Enforcement Relations Class

OFFERUP (a mobile online marketplace)

As mobile marketplace apps continue to grow in popularity, criminals will continue to abuse these platforms to target and prey on unsuspecting victims. OfferUp training will walk law enforcement through working a case involving the platform from start to finish. It will also introduce investigative resources offered to law enforcement and provide an overview of local OfferUp incident data.

Topics to be covered include:

- Obtaining data from OfferUp
- Investigative support and actioning accounts
- Undercover accounts
- Proactive/preventative approaches
- Community MeetUp Spot program
