

# IECIAA MARCH TRAINING

## INVESTIGATIVE CASE STUDIES

### SENIOR POLICE ANALYST BRITTANY WINSLOW

Brittany Winslow is a Senior Police Analyst with the Scottsdale Police Department in Arizona and has ten years of experience working as a tactical analyst. Prior to working with Scottsdale, she worked with the Phoenix Police Department as a Dispatcher and as a volunteer in the Crime Analysis Research Unit. Brittany has served on the International Association of Crime Analysts Conference Committee as the Speaker Coordinator Chair since 2019 and previously assisted with Exhibitors in 2017 and 2018. She has also served as the former President and former Webmaster for the Arizona Association of Crime Analysts. Brittany has a BA in Theatre Arts: Directing from the University of Northern Colorado, a Certificate in Crime and Intelligence Analysis from Chandler/Gilbert Community College and is working on her Master of Arts degree in Intelligence Studies with a concentration in Criminal Intelligence at the American Military University. Brittany has been recently featured on the Law Enforcement Analysts Podcast and was honored to have been awarded AACA Member of the Year (2014) and the AACA Team Award (2018 & 2020).

## RESIDENTIAL BURGLARY CASE DEBRIEF INVOLVING SOUTH AMERICAN THEFT GROUPS

WHEN: WED, MARCH 29, 2023 | TIME: 0900-1100 HOURS | WHERE: ONLINE WEBINAR  
PRESENTED BY SENIOR POLICE ANALYST BRITTANY WINSLOW  
W/THE SCOTTSDALE POLICE DEPARTMENT, ARIZONA

Senior Police Analyst, Brittany Winslow, from the Scottsdale Police Department in Arizona, will be presenting a case study reference a series of residential burglaries which occurred in the city of Scottsdale involving various associates of the "South American Theft Group" (SATG).

Brittany will share with attendees how law enforcement was able to link up several burglaries in the city of Scottsdale as well as cities outside of their jurisdiction, up to and including, burglaries that occurred out of state. In this case debrief, you will hear of the various analytical databases utilized to link, identify and locate the suspects involved in this series.
